### **Upcoming Restrictions**

Several closures and restrictions are planned this week on I-17 and Loop 101 (Agua Fria Freeway) for construction of I-17 improvements. On Saturday night, I-17 northbound will be closed from Pinnacle Peak to Happy Valley roads for work on the widening project. Southbound I-17 will also be closed next Saturday night, June 7, in the same location for construction of the widening project.

On Sunday night, the northbound I-17 off-ramp at Pinnacle Peak Road and the northbound frontage road from Deer Valley to Pinnacle Peak roads will also be closed for work related to the widening project.

Next week, I-17 will be closed in each direction nightly at Carefree Highway from Wednesday night until next Friday morning, June 6 for work on the Carefree Highway interchange. Traffic will be detoured onto the Carefree Highway interchange ramps.

Beginning in June, I-17 traffic will be detoured around the construction of the future bridges at I-17 and Lone Mountain Road (site of the future Loop 303 connection to I-17). Two traffic lanes will be maintained on the detour route. ADOT does not anticipate impacts to traffic as a result of the detour. The northbound detour is scheduled to be in place in early June and the southbound detour is scheduled to occur in late June.

Also in June, the southbound I-17 exit ramp at Yorkshire/Union Hills drives and the northbound I-17 entrance ramp at Utopia Road are scheduled to be closed until summer 2009 for construction of the I-17 widening project.

All I-17 improvement projects from Loop 101 to Carefree Highway are scheduled for completion in 2009. Once improvements are underway to Carefree Highway, construction will begin this winter on widening I-17 to Anthem Way.

These projects are some of the first elements of the Regional Transportation Plan for Maricopa County and are funded through a voter-approved sales tax to improve and construct new roads throughout the Valley during the next 20 years. More information on the Regional Transportation Plan is available at [www.azdot.gov/ValleyFreeways](http://www.azdot.gov/ValleyFreeways).

*Drivers should anticipate delays and allow extra time, or adjust travel to avoid closures and restrictions. ADOT appreciates your patience as we construct improvements on I-17.*

While ADOT strives to inform the public about planned freeway restrictions, during any complex construction project, there is a possibility that unscheduled closures or restrictions may occur. Please visit our [Web site](#) for the most current information about planned I-17 restrictions.
